Dear FCC:

The proposed tax of \$1.00 a month on Tracfone for interstate calls is totally outofline. Interstate calls on a prepaid wireless phone is too costly and is not the reason we purchase prepaid service. This is taxing people who cannot afford it and who do not make interstate calls. Tracfone allready pays a tax in relation to what thier user who would rarely make a interstate call. Please reconsider this and not add a tax on something we never use. Thank You
